

Antica SAMBUCA CLASSIC

Antica Sambuca Classic and the Sambuca based liqueurs are the result of a perfect blend of tradition and innovation.

These liqueurs are developed and custom-made by Rossi D'Asiago in their distillery located in the Valley between Dolomites Mountains and Venice. Rossi D'Asiago use only high quality raw materials and production techniques that follow meticulous artisanal processes.

The key ingredient is the anise star, that is infused in alcohol together with a mixture of 17 herbs and spices, that come from five Continents.

The infusion is then distilled in a bain-marie system to obtain the anise distillate; the precious heart of ANTICA SAMBUCA CLASSIC.

The Antica Sambuca range is very versatile, it can be enjoyed neat in shot, with ice or mixed in cocktails which have been developed for ROSSI D'ASIAGO by Bruno Vanzan.

*“ Antica Sambuca suits
the most creative interpretations,
in a perfect blend of excellence,
tradition, modernity and taste. ”*

Bruno Vanzan
